

### PRODUCT DESCRIPTION

illbruck Foam Gun Cleaner is a powerful solvent based aerosol cleaner for removing uncured PU foam. The double action canisters are supplied with a threaded adaptor for screwing onto PU application guns, and with a spray nozzle to be used as a handheld aerosol.

### USAGE/PURPOSE

Designed for the cleaning of PU foam applicators and the removal of uncured illbruck PU foam from applicator guns, tools and similar ancillary equipment. It can also be used to remove uncured foam spillages from solvent-resistant surfaces.

### FEATURES & BENEFITS

- High power cleaner for removing uncured illbruck polyurethane foam and cleaning equipment.
- Ideal for cleaning PU foam guns after use to ensure efficient operation and extend service life.
- Double action cleaner. Can be fitted directly to PU foam gun, or used as a handheld aerosol to clean spills, tools, etc.
- Ready to use, no additional tools or equipment required.

### COLOUR

Colourless

### PACKAGING

500ml canister. 12 per carton.

### SHELF LIFE

12 months when stored as recommended in original, unopened containers.

### STORAGE

Store in shaded dry conditions between +10°C and +25°C. Store canisters upright. The product is contained in a pressurised container - observe storage instructions and do not apply heat.

### PROTECTIVE EQUIPMENT

**Use in well ventilated conditions** and ensure all recommended protective equipment is worn during handling and use of this product. Refer to safety data sheet for full recommendation.

### PREPARATION

Always carry out a test to confirm material is unaffected by solvent.

### APPLICATION

- Use only in well-ventilated areas and protect surrounding surfaces from splashes. Wear protective equipment.
- Shake the can to mix the contents before use and periodically during use. If using a dispensing gun screw the canister onto the gun and thereafter follow the canister label instructions.
- Do not use for general cleaning applications. May soften and discolour some materials (e.g. plastics).

**Please note:** this product will not dissolve cured PU foam.

### HEALTH & SAFETY PRECAUTIONS

The Safety Data Sheet (SDS) must be read and understood prior to use. Extremely flammable - keep away from open flames and other ignition sources.

### TECHNICAL SERVICE

TREMCO has a team of Representatives who provide assistance in the selection and specification of products. For more detailed information or service and advice, call Customer Service on (02) 9638 2755 or fax (02) 9638 2955.

### GUARANTEE/WARRANTY

TREMCO products are manufactured to rigid standards of quality. Any product which has been applied (a) in accordance with TREMCO written instructions and (b) in any application recommended by TREMCO, but which is proved to be defective, will be replaced free of charge.

Any information provided by TREMCO in this document in relation to TREMCO's goods or their use is given in good faith and is believed by TREMCO to be appropriate and reliable. However, the information is provided as a guide only, as the actual use and application will vary with application conditions which are beyond our control. TREMCO makes no representation, guarantee or warranty relating to the accuracy or reliability of the information and assumes no obligation or liability in connection with the information. To the extent permitted by law, all warranties, expressed or implied are excluded.
